

7210 Book Order Form: Process Auditing Techniques Guide

We suggest purchasing *Process Auditing Techniques Guide* as valuable resource when conducting process audits or auditing process-based management systems. The book and the e-learning class materials are consistent and presented in the same order. The book is pocket size and has a removable pocket card listing the process principles, PDCA-ACDP cycle, and process auditing steps. To purchase the book please complete our order form.

Description: The author focuses on the methods and techniques of conducting internal and external process audits. Learn how: to apply PDCA and ACDP techniques, prepare process flow and tree diagrams; determine process effectiveness; assess compliance, controls, risks and process optimization; and compose an audit report. This guide is ideal for individuals who have a general understanding of auditing techniques and is written for auditors who conduct first, second, and third-party audits to any standard or work instruction.
